

The Medical Center of Aurora

The Medical Center of Aurora is proud to host its 5th NeuroMedicine conference to help primary care providers identify and treat neurological disorders.

While the demands on the primary care physician continue to grow, the ability to treat patients and manage their care can become increasingly challenging. The NeuroMedicine Conference is a conference that focuses on your needs. This year's conference will cover a wide range of beneficial topics including concussions, stroke, headaches, lower back pain and much more. There is no charge for participation of healthcare professionals.

Continuing Education

6.75 Continuing Medical Education Credits

HealthONECME is accredited by the Accreditation Council for Continuing Medical Education to provide continued medical education for physicians.

5th
Annual

NEURO MEDICINE Conference

Conference Objectives

After participating in the conference, participants should be able to:

- Identify appropriate assessment and initial intervention strategies for common neurological disorders seen in primary care settings.
- Utilize the latest research and evidence-based clinical guidelines in determining efficacy, risks and benefits of treatment strategies for neurological disorders.
- Identify and utilize appropriate diagnostic studies for differential diagnosis of common neurological clinical presentations.
